

DIGITAL CARE SUPPORT

at no cost to you

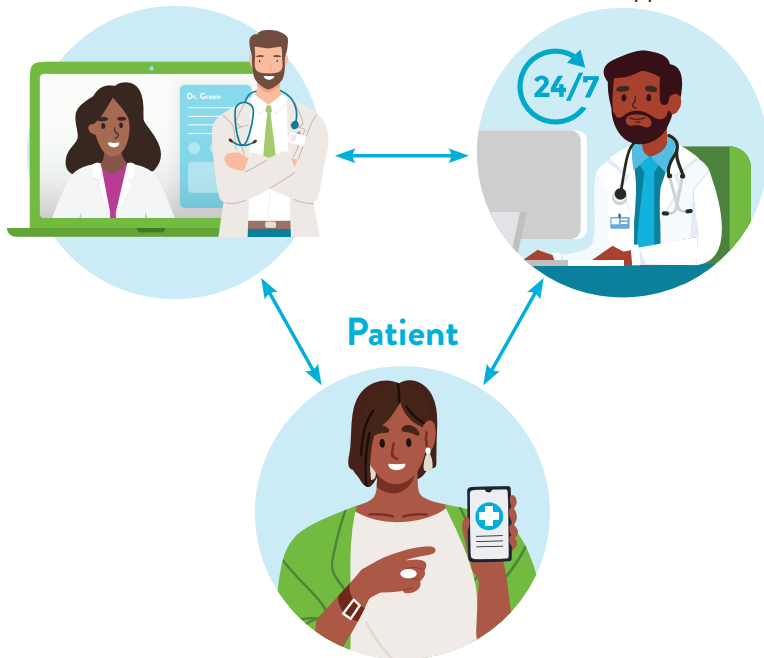

OSF OnCall Connect works in partnership with Eagle View Community Health System, giving you 24/7 health support.

- Keep your own doctor and care team, plus get virtual support in between regularly scheduled appointments.
- Receive 24/7 access to a digital care team between provider visits.
- Get technology and equipment to monitor your health at home — like a blood pressure cuff and O2 monitor to measure oxygen levels.
- More access to local resources, like transportation or meal assistance.

Your care with OSF OnCall Connect

Health center provider
